

Agenda Item

DATE: March 13, 2019

TO: Templeton Community Services District Board of Directors

FROM: Bettina Mayer, PE, District Engineer

SUBJECT: Meadowbrook WWTP and Selby Percolation Ponds- Facilities Overview.

RECOMMENDED ACTION:

That the Board receive an overview of the Meadowbrook WWTP and Selby Percolations Ponds.

FISCAL IMPACT:

None at this time.

DISCUSSION:

Staff will provide an overview of Meadowbrook Wastewater Treatment Plant (WWTP) Facilities, including the Selby Percolation Ponds. The discussion will include a description of the Meadowbrook Advanced Integrated Pond System (AIPS) treatment process and process improvements made to the WWTP over the last 5 years. The focus of the discussion will be the readiness of the Facilities to treat and discharge the additional wastewater flows from the East Side Force Main Project. Staff will discuss steps currently underway and additional improvements that are evaluated for future consideration by the Board after the ESFM project is complete and on-line.
