Templeton Community Services District Personnel Guidelines

1.0 Introduction

The Templeton Community Services District (TCSD or District) expects every District employee to be thoroughly familiar with, and to comply with, these Personnel Guidelines.

1.1 Disclaimer

The Guidelines do not represent a contract, nor should they be relied upon as binding, inflexible promises made by TCSD. TCSD reserves the right to change, add to, or rescind any of the guidelines at any time, as well as the right to determine their meaning, purposes, and effect.

Use this manual as a guideline of what you may expect from TCSD and what TCSD expects of you.

1.2 Purpose and Scope of Guidelines

These Guidelines are intended to inform employees of TCSD's position on basic employment-related subjects. They are not all-inclusive, but address those general topics most likely to be of interest to employees in the course of ordinary, day-to-day operations of TCSD. The Guidelines are to be used as a reference by employees and supervisors.

These Guidelines apply to all employees of TCSD, except where otherwise stated.

An employee who fails to comply with one or more Guidelines may be subjected to discipline, up to and including termination.

1.3 Equal Employment Opportunity Policy

TCSD's employment decisions are based on merit, qualifications, and the legitimate business-related needs of TCSD. TCSD does not discriminate against its employees or applicants because of race, color, religion, sex, pregnancy, national origin or citizenship, ancestry, age, marital status, registered domestic partner status, mental or physical disability, political affiliation, medical condition, sexual orientation, gender identity or gender expression, veteran status, genetic information, or any other basis protected by law. Equal employment opportunity is extended by the District to all persons in all aspects of the employer-employee relationship, including recruitment, hiring, training, promotion, discipline, layoff, and termination.

2.0 Employment Practices

2.1 Hiring and Promotion

Decisions on employment are based upon an individual's qualifications for the applicable position as described below.

- A. Selection of employees -- All persons considered for employment with TCSD shall be qualified to perform the duties of the position for which they are employed. Before

reporting for their first day of work, employees may be required to undergo a medical examination, which confirms their ability to perform the essential functions of the job.

All employees shall be required to sign an Oath of Office pursuant to state law and/or a confidentiality statement. All employees must provide necessary documentation to prove identity and their right to work in the United States in accordance with Federal and State Immigration and Naturalization laws. Failure to provide such documentation will result in disqualification from selection and/ or immediate termination.

- B. Probationary Employees – All TCSD employees are considered probationary employees from their date of hire until they complete 12 months of service with TCSD. Temporary employees who are later hired as regular TCSD employees shall begin their probationary period starting from their first day of regular, non-temporary employment. The General Manager in conjunction with the employee’s supervisor, using their sole discretion, may elect to extend the probationary period for any employee up to an additional 12 months.
- C. Regular Part-time Employees with Benefits – Employees who have served the required probationary period satisfactorily, and are regularly scheduled to work an established position on a year-round basis and were employed as of November 27, 2012, who are regularly scheduled to work between 21 -39 hours per week.
- D. Part-Time Employees Non-Benefitted – Employees who, are not temporary employees, and are not limited to 1,000 hours. Employees may work an average of no more than 36-hours per week over the course of the year (maximum 1,872 hours per fiscal year). Part-Time Employees Non-benefitted are not eligible for any employee benefits, except as required by law. A Part-Time Non-benefitted employee may take time off without pay with the approval of the Supervisor
- E. Regular Full-time Employees – Regular full-time employees are those who are regularly scheduled to work at least 40 hours per week, are not temporary employees, and who have successfully completed the probationary period.
- F. Temporary Employees – Employees serving in a position in which the requirements of their services are temporary in nature are temporary employees. A temporary employee shall not work more than 1,000 hours in a fiscal year. This classification includes, but is not limited to, personnel employed for the following: seasonal workloads and emergency extra workloads. Temporary employees are not eligible for any employee benefits, except as required by law. A temporary employee may take time off without pay with the approval of the Supervisor and shall be permitted to take time off for TCSD-recognized holidays without pay.

2.2 Probationary Period

The purpose of the probationary period is to give TCSD and the new employee the opportunity to determine whether employment relationship suits both parties. During the probationary period, TCSD evaluates the employee’s job performance, and it is expected that the employee will use this time period to determine whether the District employment is satisfactory to her/him. Generally, near the completion of the 12-month introductory period, the supervisor conducts a written performance evaluation to ascertain

the advisability of continued employment on a regular basis. However, written evaluations may be done at any time during the probationary period if determined to be necessary by the Supervisor or the General Manager.

Regardless of whether the supervisor completes a written performance evaluation, the District retains the right to terminate employment for any reason, or no reason, during the probationary period.

New employees hired for regular positions serve a probationary period of 12 months, commencing with their first day of employment. The General Manager, in conjunction with the employee's supervisor, may extend the probationary period one or more times if, in his or her sole and absolute discretion, it is determined that such an extension is appropriate. The status of regular employment following the probationary period shall only occur after a successful evaluation has taken place, and only if confirmed in writing by the District.

2.3 Vacancies

Employees of TCSD are encouraged to apply for any vacant positions for which they are qualified. TCSD awards vacant positions to the applicants who are best suited to meet the needs of the TCSD, regardless of whether the applicant is a current TCSD employee or not. If a vacancy is awarded to a current regular employee, that employee shall serve a 6-month probationary period in that position. Within 30 days of the move to the vacant position, the employee may return to their previous position with written notice to and approval by the General Manager.

2.4 Promotion

A promotion is the advancement of an employee to a position that carries more responsibility and, when warranted, a higher salary. All regular employees of TCSD are eligible to apply and be considered for promotions for which they are qualified. An employee who is promoted shall serve a 12-month probationary period in his or her new position.

2.5 Nepotism Policy

a. Definitions

The following definitions apply to this Policy:

1. "Relative" means spouse, registered domestic partner, child, step-child, parent, grandparent, grandchild, brother, sister, half-brother, half-sister, aunt, uncle, cousin, niece, nephew, or in-laws of those enumerated by marriage or domestic partnership.
2. "Spouse" means two persons who have a valid marriage or two people who are registered domestic partners.
3. "Supervisory relationship" means one in which one employee exercises the right to control, direct, reward, or punish another by virtue of the duties and responsibilities assigned to his or her District appointment.

b. Policy as to Relatives

A Department Head has discretion not to appoint, promote or transfer a person to a position within the same department in which the person's Relative already holds a position, when such employment would result in any of the following:

1. A direct or indirect supervisory relationship;
2. The two employees having job duties which require performance of shared duties on the same or related work assignment;
3. Both employees having the same immediate supervisor; or
4. A potential for creating an adverse impact on supervision, safety, security, morale, or efficiency that is greater for Relatives than for unrelated persons.

C. Policy as to Employees Who Become Spouses or Domestic Partners

1. If two District employees who work in the same department become spouses or domestic partners, the department head has discretion to transfer one of the employees to a similar position in another department. Although the wishes of the employees in question will be given consideration, the department directors retain sole discretion to determine which employee is to be transferred based upon District needs, operations, or efficiency. Notwithstanding any provision in these Policies, any such transfer that results in a salary reduction is not disciplinary and is not subject to any grievance or appeal.
2. If continuing employment of both employees cannot be accommodated in a manner that department head finds to be consistent with the District's interest in the promotion of safety, security, morale, and efficiency, then the department head retains sole discretion to separate one employee from District employment. Absent the voluntary resignation of one employee, the less senior employee will be separated. Notwithstanding any provision in these Policies, any such separation is not considered to be disciplinary and is not subject to any grievance or appeal.

2.6 Employee Evaluations

In order to provide employees with information concerning their employment progress and to identify areas to improve job performance, the employee's supervisor will conduct formal written employee evaluations at least once per year.

2.7 Training, Certification and Education

It's the employee's responsibility to maintain all appropriate/required licenses and certificates. If an employee loses a required license or certificate, he/she may be subject to discipline that includes demotion or termination. (See Section 10)

TCSD supports education and training programs that improve the skills, qualifications, performance, and proficiency of TCSD employees. In addition, some of the positions within TCSD require employees to possess certifications. It is each employee's responsibility to maintain state-mandated certificates or credentials necessary to the employee's job assignment. TCSD generally covers class

costs of required education and tests upfront. If an employee fails a test required for certification then they will generally be responsible for all costs to re-take the tests.

Where the District requires the employee to take training and/or where the employee is required by his/her position to maintain certification, employees should submit a training/certification request to TCSD.

3.0 Working Conditions

3.1 Normal Work Schedule

The normal workweek is forty (40) hours for all non-exempt full-time employees, ordinarily to be worked in five (5) eight-hour shifts, unless otherwise directed. The workweek is defined as 12:01 A.M. Saturday through Friday Midnight except for those personnel working an alternative work week schedule.

For all non-exempt Fire suppression employees, a regular work week shall average 56 hours. Employees in the Fire Engineer classification shall have irregular work hours. For non-exempt Fire and Emergency Services personnel, the work period is defined as Saturday at 8:00 a.m. through 7:59 a.m., 28-days later.

Due to the nature of the service, we provide the public, non-exempt personnel may be required to work overtime, which may include weekend duty along with days which are longer than eight hours in length.

3.2 Hours of Work

Normal Office hours of TCSD, and the normal work schedule for administrative office staff, are 8:00 am until 5:00 pm, Monday through Friday. The normal schedule for the utility staff is Monday through Friday from 7:00 am until 3:30 pm. Employees working a 9/80 schedule will have either every other Monday, Wednesday, or Friday off. For employees working a 9/80 work schedule, each employee's designated FLSA work week (168 hours in length) shall begin exactly four hours after the start of his/her eight-hour shift on the day of the week that corresponds with the employee's alternating regular day off.

Operations employees and office staff may be assigned other work hours from time to time as determined by the department head and/or the General Manager to best cover the operational needs of TCSD and its customers. Employees shall report "ready" to work at the start of their shift, and work until the shift ends.

Non-exempt Fire suppression employees shall have their work hours set by the Fire Chief.

3.3 On-Call

A schedule is maintained by the Utilities Department Head whereby Operations employees may be assigned, on a rotational basis, to be "on-call" on weekends, holidays and other times not considered regular hours of work for TCSD employees.

Weekdays: On-Call/Weekend Duty employees are paid one (1) hour at their base Over Time (OT) rate for each weekday they are on call. If they are called back into work, they will also be paid for actual time worked with a one hour minimum at the OT rate.

Holidays and Weekends: On-Call employees receive three (3) hours pay per day at their OT rate for each holiday or weekend day they are assigned to on-call duty during the winter months and four (4) hours pay per day at the OT rate during the summer (from April 1 to September 30th). If an employee works more than these minimum hours, they shall be paid for their time worked over the minimum at the OT rate. If they are called back into work, (outside of the normal weekend duty shift times) they will also be paid the actual time worked during the call out with a one hour minimum at the OT rate.

When an employee is on-call, s/he shall be provided a District cell phone and/or tablet computer which will provide notification to the employee on-call in the event of an emergency repair/maintenance work need. The on-call employee is required to keep the cell phone and/or tablet computer in his/her possession during the entire on-call period of time. Notification of an emergency repair/maintenance work need may also be given orally, in person or telephonically, by the General Manager or Utilities Supervisor.

When an employee is assigned on-call duty, s/he shall be free to utilize his/her time as desired, but must be able to respond within 30 minutes to any District facility. This will enable the on-call employee time to return to work in the event of an emergency call. On-Call employees need to remain unimpaired and able to perform all duties when on-call.

Call Backs: Any full-time Utility employee not on call and he/she is called back to work, the employee will receive one (1) hour of Call Back Pay (1 hour of base pay at straight time) plus pay for their hours worked (at straight or OT rate depending on whether they have worked over 40 hours in the week).

All other full-time employees not on call and if he/she is called back to work, the employee will receive one (1) hour minimum.

3.4 Meal/Break Time

Non-exempt administrative office staff is provided with a one-hour unpaid break for lunch. Non-exempt utility staff is provided a thirty-minute unpaid meal period. Meal periods begin at the time the employee is scheduled off-work, and not when the employee ultimately arrives at his/her meal destination.

In addition to the scheduled unpaid lunch break, non-exempt employees are entitled to one paid fifteen-minute break for each 4-hour period worked (normally one break in the morning and one in the afternoon), as scheduled by your supervisor considering work requirements. Break periods may not be combined into a single longer break period. TCSD vehicles shall not be used during paid breaks.

Non-exempt fire personnel do not have designated meal or break times and are paid through their entire shift. They will take breaks and meals (breakfast/lunch/dinner) when time is available.

3.5 Attendance

Regular attendance by all employees is important to the successful operation of TCSD. Employees are expected to maintain a good attendance record and to report promptly for work in accordance with assigned work schedules.

3.6 Notice of Absence

Employees who must be absent from work are expected to notify their supervisor or General Manager, either directly or by a recorded message, as soon as possible but not later than the beginning of their assigned shift. The employee shall provide the general reason for, and the probable duration, of the absence.

Fire and Emergency Services employees shall notify the on-duty Fire Captain as soon as possible but no later than 2-hours before the beginning of their assigned shift.

3.7 Tardiness/Absence

Employees are expected to report for their work shifts on time. Excessive or repeated tardiness is not tolerated.

Fire personnel are expected to show-up and be ready for duty to relieve personnel coming off-duty at their assigned shift start time.

If an employee is absent more than three working days for any reason without notifying the employer, the employee may be considered to have voluntarily resigned.

3.8 Overtime

Overtime shall not be worked without prior approval by the Supervisor or in his or her absence the General Manager.

Non-exempt employees receive overtime compensation for hours actually worked, *excluding any time off for, e.g., absence, paid leave, holidays or compensatory time*, in excess of forty (40) hours during the work week (212 hours per 28-day work cycle for Fire and Emergency Services).

In addition, on-call personnel receive overtime pay under the circumstances described in the “On-Call” policy.

When a non-exempt (except Fire and Emergency Services) employee’s hours worked exceed forty (40) hours in a work week: the employee will receive overtime pay at the rate of one and one-half (1 ½) times the regular rate of pay per FLSA guidelines, unless the employee has chosen to receive compensatory time for such work.

Fire and Emergency Services non-exempt employees receive overtime in accordance with the special laws concerning such employees based on a 28-day work cycle.

Section 7(k) of the FLSA provides that employees engaged in fire protection may be paid overtime on a “work period” basis. A “work period” may be from 7 consecutive days to 28 consecutive days in length. For work periods of at least 7 but less than 28 days, overtime pay is required when the number of hours worked exceeds the number of hours that bears the same relationship to 212 (fire) as the number of days in the work period bears to 28. For example, fire protection personnel are due overtime under such a plan after 212 hours worked during a 28-day work period.

28.....212

The California Public Employee’s Retirement System (CalPERS) requires that certain compensation listed in the California Code of Regulations (CCR) Section 571 (a) be included as reportable compensation to CalPERS, CCR Section 571 (b) was amended to ensure greater transparency and disclosure of special compensation items in written labor policies. TCSD has identified two of the CCR Section 571 (a) listed (FLSA Premium Pay and Holiday Pay for Non-Exempt Fire Suppression Personnel) items to be applicable to certain designated job classifications within TCSD.

3.9 Compensatory Leave Time (“Comp Time”)

Employees may elect to receive compensatory leave time in lieu of monetary compensation for overtime hours worked. Compensatory leave time is paid time off recorded at one and one-half (1½) paid hours off for each overtime hour worked.

Employees may accrue up to a maximum of two hundred forty (240) hours of compensatory leave at any time. Comp time is not cashed out except at the employee’s termination.

An employee may use comp time in the same pay period that it is earned.

3.10 Pay Period

The TCSD payday is generally every other Thursday for the two-week pay period ending the previous Friday.

3.11 Safety

TCSD has safety rules with which employees are expected to comply. It is the responsibility of each employee to learn and observe all applicable safety practices, policies, directives, or procedures. In addition, each employee is responsible for maintaining a safe work environment. Safety-related questions, or reports of any unsafe working conditions, real or potential, should be directed to the General Manager.

3.12 Accidents; Reporting

Any work-related accident, or other accident occurring on the worksite, involving employees or other persons shall be reported to the General Manager, or his designee. Such reports must be made immediately following the accident, and in no event more than 24 hours following the accident on forms provided by the District. Employees are covered for employment-related injury or illness by the California Worker’s Compensation Act. Under the Act, failure to report or delays in reporting a work-related injury or illness may result in a loss of benefits.

3.13 Maintenance – Housekeeping

Each employee is responsible for the condition and maintenance of the equipment s/he uses on the job. The employee should report to the department supervisor or the General Manager any equipment

which is damaged, worn, or in need of maintenance. Employees should direct any safety concerns regarding the use of equipment to the supervisor.

Cleanliness and orderliness are important to the operation and safety of TCSD. Employees are responsible for keeping their work areas clean and orderly.

3.14 **Dress Code**

All Utility, Fire and Parks and Recreation employees that are required to wear uniforms shall wear the appropriate uniform for their work area. Employees are permitted to wear the uniform only during their work hours and/or work time and/or traveling to and from work or while representing the District.

Utility employees may be reimbursed up to \$250 per fiscal year to cover the cost of uniforms, protective clothing and footwear that employees are required to wear to perform TCSD work.

Neatness, cleanliness, and good personal hygiene are expected of all TCSD employees while working. Employees should dress appropriately, in good taste, and according to the requirements of her or his position.

Employee uniforms remain the property of TCSD and must be returned at the termination of employment with TCSD, or otherwise when requested.

The Fire Chief has the authority to modify the Department's Dress Code as deemed appropriate.

3.15 **Tattoo and Piercing Policy**

Employees of the District are expected to project a professional appearance while at work. Towards that end, employees are expected to comply with the following rules:

Tattoos:

1. No tattoos are allowed anywhere on the head, face or neck.
2. Any visible tattoos cannot be obscene, sexually explicit, or otherwise violate the District's policy against unlawful harassment or discrimination. Extremist, and/or gang-related tattoos are also not permitted.
3. Visible tattoos may not be larger than 4 to 6 inches.
4. Any non-conforming tattoos must be covered with clothing or a bandage while at work, or must be removed.
5. If an employee has a question about the tattoo policy, s/he should raise it with their supervisor.

Piercing:

1. No objects, articles, jewelry or ornamentation of any kind shall be attached to or through the skin if visible on any body part (including the tongue or any part of the mouth) except that an employee may wear two sets (i.e., four holes total) of reasonable-sized (i.e., small and professional-looking) earrings in the ear lobes.
2. Any non-conforming piercing shall be removed, covered with a bandage, or replaced with a clear, plastic spacer while the employee is working.
3. If an employee has a question about the piercing policy, the matter should be raised with their supervisor.

4.0 Compensation

4.1 Holidays

Full-time TCSD employees (except for non-exempt Fire and Emergency Services employees), both regular and probationary, are paid for the following TCSD Holidays whether or not they are scheduled to actually work on that holiday. Full-time employees receive eight (8) hours of holiday pay at straight time on the observed holiday. Temporary and part-time employees are not eligible for holiday pay.

TCSD generally recognizes the following twelve and a half (12.5) days as paid holidays:

Floating Holiday	(April 1st for Non-exempt Fire & Emergency Services Employees)
New Year's Day	Thanksgiving Day
	Friday Following Thanksgiving
Martin Luther King Jr. Day	Veterans' Day
Presidents' Day	Christmas Eve
Memorial Day	Christmas Day
Independence Day	½ Day New Year's Eve
Labor Day	

The Floating Holiday is credited to each regular full-time employee (except non-exempt Fire and Emergency Services employees) on July 1st of each fiscal year, to be used at the employee's discretion in the manner similar to vacation time. Employees may bank only one Floating Holiday day during any fiscal year. Accordingly, the Floating Holiday hours need to be used in the year granted in order for the employee to receive an additional Floating Holiday at the beginning of a new fiscal year. Eligible employees hired after July 1st will not be credited with a Floating Holiday until the following July 1st.

If a District-paid holiday falls on a Saturday, eligible employees are generally given the preceding Friday off. If a District-paid holiday falls on a Sunday, employees are generally given the following Monday off. If the day of holiday observance falls during an employee's vacation period, and falls on a day the employee is regularly scheduled to work (but for his/her vacation), that day shall be considered as a paid holiday and not vacation time.

Holiday Pay for Non-Exempt Fire and Emergency Services Employees (Full-Time) – Special Compensation

This type of compensation applies to job classifications that are normally required to work on approved TCSD holidays because they are assigned to specific positions that require scheduled staffing without regard to designated holidays. Job classifications identified as required to be scheduled without regard to holiday are as follows:

Full-time, non-exempt Fire and Emergency Services employees shall be paid eight (8) hours (4 hours for New Year's Eve) for each holiday falling in a pay period. Employees who are permanently assigned a 56-hour work week shall be paid 11.2 (1.4 x 8 hours) hours for each holiday (5.6 hours for New Year's Eve). The Floating Holiday shall be treated as if it were a holiday on April 1 of each year. When an employee in one of the identified job classifications is normally scheduled to work on a TCSD approved holiday, the employee will be compensated with holiday pay and the actual number of hours worked on the holiday at their base hourly pay rate. The sum total of this compensation will be reported to CalPERS in the applicable reporting period.

The California Public Employee’s Retirement System (CalPERS) requires that certain compensation listed in the California Code of Regulations (CCR) Section 571 (a) be included as reportable compensation to CalPERS, CCR Section 571 (b) was amended to ensure greater transparency and disclosure of special compensation items in written labor policies. TCSD has identified two of the CCR Section 571 (a) listed (FLSA Premium Pay and Holiday Pay for Non-Exempt Fire Suppression Personnel) items to be applicable to certain designated job classifications within TCSD.

4.2 Vacation

Full-time benefitted TCSD employees, both regular and probationary, are eligible for vacation benefits. Employees are encouraged to use their accrued paid vacation time because taking time off can enhance productivity.

Employees must complete six months of employment prior to using any accrued vacation benefits. Employees shall not accrue vacation time during any period of unpaid absence from work.

Employees accrue vacation benefits beginning the first pay period of employment in accordance with the following schedule, which is based on bi-weekly pay periods of eighty (80) hours (i.e., based on a full-time schedule):

<u>YEARS OF SERVICE</u>	<u>VACATION BENEFIT PER PAY PERIOD</u>	<u>*ACCRUAL 56-HR. EMPLOYEES</u>	<u>WEEKS PER YEAR</u>	<u>ACCRUAL CAP</u>	<u>*ACCRUAL CAP 56 HOUR EMP.</u>
00 – 04 Years	3.08 Hours	4.31 Hours	2 Weeks	160 Hours	224 Hours
05 – 14 Years	4.62 Hours	6.47 Hours	3 Weeks	240 Hours	336 Hours
15, plus Years	6.15 Hours	8.61 Hours	4 Weeks	320 Hours	448 Hours

*56-hour employees are non-exempt Fire and Emergency Services employees who are permanently assigned to a 56-hour work week.

Accrual of vacation is limited (maximum) to the above schedule, regardless of the hours worked in a pay period. In other words, if an employee works more than their regular hours during a pay period, the employee’s vacation accrual is not increased.

However, if an employee starts employment in the middle of a pay period, vacation accrual is prorated during the pay period beginning on the day the employee starts work.

If an employee takes time off without pay for one day or less the employee’s vacation accrual is not prorated.

At termination of employment for any reason, TCSD shall compensate the employee for her or his unused, accrued vacation time at the employee’s then-current straight time rate of pay.

TCSD does not require an employee to take vacation time during periods of illness. However, the employee may elect to take vacation time in case of extended illness where paid sick leave, if any, has been exhausted.

Vacations may be taken at any time during the year upon advance approval of the employee’s supervisor and the General Manager. An employee may use their paid vacation time in the same period that it is earned.

Vacation Benefit Cap: Employees are encouraged to use their vacation benefits. No employee shall be eligible to accrue more than a maximum of two times her or his annual entitlement to vacation pay at one time. Once an employee reaches this cap, the employee will cease accruing any additional vacation pay. When the employee uses enough vacation pay to fall below the cap, the employee will start accruing vacation pay again.

4.3 Sick Leave

This policy shall apply to all employees.

Sick leave is defined as absence of work due to illness or non-industrial injury; diagnosis, care or treatment of an existing health condition of, or preventive care for, an employee or an employee’s family member and, for an employee who is a victim of domestic violence, sexual assault, or stalking to engage in protected activities, such as obtaining a restraining order, seeking medical attention or psychological counseling, or participating in safety planning.

Full time employees may also use sick leave in connection with the death of an immediate relative. (See Bereavement Leave – Section 4.6, below)

Family member means any of the following:

- A. A child, which for purposes of this policy means a biological, adopted, or foster child, stepchild, legal ward, or a child to whom the employee stands loco parentis. This definition of a child is applicable regardless of age or dependency status.
- B. A biological, adoptive or foster parent, stepparent, or legal guardian of an employee or the employee’s spouse or registered domestic partner, or a person who stood loco parentis when the employee was a minor child.
- C. A spouse.

Rates of Accrual:

Full time employees accrue paid sick leave benefits beginning with the first pay period of employment at the rate of three (3.69) hours, per pay period. However, if an employee starts employment in the middle of a pay period, sick leave accrual is prorated during the pay period beginning on the day the employee starts work. Employees permanently assigned to a 56-hour work week will accrue 5.17 hours per pay period.

If an employee takes time off without pay for one day or less the employee's sick leave accrual is not prorated.

If an employee works more than their regular hours during a pay period, the employee's sick leave accrual is not increased.

- Regular part-time benefitted employees who were employed as of November 27, 2012, and who are regularly scheduled to work at least 21 hours per week will accrue paid sick leave benefits on a pro-rated basis of up to three (3.69) hours, per pay period.
- All other employees, as defined in section 2.1, who are employed 30 or more days within a year shall be entitled to paid sick leave. Sick leave for eligible temporary or seasonal employees shall accrue at the rate of one (1) hour for every thirty (30) hours worked and accrual of sick leave shall be capped at 48 hours. Such employees shall be limited to the use of no more than 24 hours per fiscal year. Such employees shall be entitled to accrue sick leave after 30 days of employment and to use accrued sick leave beginning on the 90th day of employment.

Employees are not permitted to take more paid sick leave than they have accrued. However, full-time employees may use their paid sick leave in the same pay period that it is earned. Employees on leave of absence without pay for any reason accrue no paid sick leave during the unpaid absence.

Employees who leave TCSD employment for any reason other than retirement will not receive pay or other compensation for any accrued but unused sick leave accumulated at the time of the termination of their employment.

If an employee separates from employment and is rehired within one year from the date of separation, previously accrued and unused paid sick days shall be reinstated. The employee shall be entitled to use those previously accrued and unused paid sick days and to accrue additional paid sick days upon reemployment.

Sick leave may be used for fractions of workdays in increments of a minimum of ¼ of an hour.

Notification: If an employee is unable to report to work because of sickness or injury, the employee must notify her or his supervisor of the absence before or within the first working hour of the first day of absence, unless such notification is impossible. Fire and Emergency Services employees shall notify the on-duty Fire Captain as soon as possible but no later than 2-hours before the beginning of their assigned shift.

If an employee exhausts all of her or his paid sick leave, and is absent because of illness or injury, the employee may use accrued vacation time and or accrued compensatory time, if any, or else may request to take unpaid time off.

4.4 Physician's Report for Sick Leave

TCSD reserves the right to require that an employee using sick leave, or returning from sick leave, provide a written statement of a physician as to the expected duration of the absence and the employee's fitness to return to work, as appropriate. The General Manager or his/her designee may require the employee to provide a statement from the employee's physician certifying the need for leave.

4.5 Military Leave

Employees are provided military leave in accordance with the law.

4.6 Bereavement Leave

Regular full-time Employees may use up to a maximum of 24-hours of sick leave to take paid time off on the account of the death of a member of his/her immediate family. Non-exempt Fire and Emergency Services employees permanently assigned to a 56-hour work week may use up to 48-hours of sick leave. If the employee doesn't have accrued sick leave the employee may request an unpaid leave of absence generally not to exceed three days for this purpose. For purposes of this policy, "immediate family" is spouse, domestic partner, child, step-child, parent, step-parent, grandparent, grandchild, brother, sister, half-brother, half-sister, aunt, uncle, cousin, niece, nephew, or in-laws (or analogous relationship of those enumerated above in connection with a domestic partnership. Under special circumstances the General Manager may grant additional time beyond three days when approved in advance.

4.7 Medical Leave

Employees who are temporarily unable to work because of a medical condition may request a medical leave of absence. Employees granted a medical leave are required to exhaust any accrued paid sick leave during the absence. Employees may, but are not required, to exhaust any accrued unused vacation during an otherwise unpaid medical leave.

A request for medical leave must be accompanied by medical certification from the employee's health care provider that the employee is unable to work, and a statement of the anticipated duration of the need for medical leave. An employee who plans to take a medical leave must provide reasonable notice of the date the leave will commence, the estimated duration of the leave, and the date on which it is expected that the employee will be able to return to work. When an unplanned medical situation or emergency occurs that does not allow the employee to provide advance notification of the need for a medical leave, the employee must notify the General Manager of the situation within three working days of an absence.

Employees who must be absent from the workplace for an extended period due to an injury or illness, must maintain regular communication with their supervisor. The purpose of this communication is to keep TCSD informed of the employee's return-to-work status.

When an employee is eligible for State Disability Insurance (SDI) Benefits and the District has agreed to a policy of integration/coordination of benefits the employee's vacation and sick leave accruals shall be prorated for the hours paid by Templeton CSD.

4.8 Pregnancy Disability Leave

An employee is entitled to a leave of absence for the period of time that she is required to be absent from work due to pregnancy-related disability, including childbirth, for up to a maximum of four months. The employee must exhaust her accrued paid sick leave time, during the pregnancy disability leave, and may elect to use her accumulated paid time off benefits (e.g., vacation, comp time), during any such period of leave.

4.9 FMLA/CFRA Leave

Under the Family Care and Medical Leave Act ("FMLA") and California Family Rights Act ("CFRA"), employees who have more than 12 months of service with the District, and have worked at least 1,250 hours in the preceding 12-month period, may request an unpaid leave for family care or medical reasons. This leave may be up to 12 workweeks in a 12-month period for the birth, adoption, or foster care placement of a child with the employee, or for the employee's own serious health condition or the serious health condition of the employee's child, parent, spouse or registered domestic partner, or in connection with the call to active duty of a family member. In addition, eligible employees may request up to 26 weeks in a 12-month period to care for a family member (including a "next of kin") with a serious health condition incurred while on active military duty.

In order to be eligible for leave under the FMLA/CFRA, employees must work at a District facility employing at least 50 employees in a 75-mile radius. If the District employs fewer than 50 individuals at the time an employee requests an FMLA/CFRA leave, the employee will not be eligible to take such a leave.

Employees who are eligible to, and do, take a leave under this policy will be reinstated at the conclusion of the leave to the same or to a comparable position, in accordance with the law.

If possible, employees must provide at least 30 days' advance notice for foreseeable events (such as the expected birth of a child or a planned medical treatment for the employee or for a family member). For events which are unforeseeable, employees must notify their immediate supervisor, at least verbally, as soon as the employee learns of the need for the leave. Failure to comply with these notice rules is grounds for, and may result in, deferral of the requested leave until the employee complies with this notice policy.

The District requires certification from the employee's health care provider before allowing an eligible employee a leave for his/her own serious health condition. In addition, the District requires certification from the health care provider of the employee's child, parent, spouse or registered domestic partner with has a serious health condition before allowing a leave to take care of that family member. When medically necessary, leave may be taken on an intermittent or reduced work schedule.

For eligible employees taking a leave for the birth, adoption, or foster care placement of a child, the basic minimum duration of such leave is two weeks, and must be concluded within one year of the birth or placement for adoption or foster care.

Taking an FMLA/CFRA leave may affect certain employee benefits and/or seniority date. Employees who want more information regarding eligibility for a leave and/or the impact of the leave on seniority and benefits should contact the Finance Officer.

4.10 Catastrophic Leave

- I. Purpose: To establish a consistent policy with regards to the procedures for administering Catastrophic Leave.
- II. Statement of Policy: This policy applies to all full-time and part-time benefitted employees. The following procedures should be followed in the administration of Catastrophic Leave.
 - a. Catastrophic leave benefits have been established for qualified Templeton CSD employees who have exhausted all days) accumulated vacation, sick leave, administrative leave, holiday leave and compensatory time off. The purpose of this benefit is to provide a portion or all of the employee's pay during the time the employee would otherwise be on medical leave of absence without pay pursuant to the District's Personnel Guidelines. Catastrophic leave benefits are contingent on the receipt of donated time in the manner described below.
 - b. Catastrophic leave shall conform to the guidelines for leave of absence without pay set forth in the District's Personnel Guidelines except that, during the portion of the leave of absence that is also catastrophic leave, the employee will be paid. Although employees on catastrophic leave will receive catastrophic pay, for all other purposes, except as indicated below such employees will be considered on a leave of absence without pay pursuant to the District's Personnel Rules and they shall not accrue any leave rights while on catastrophic leave.
 - c. In no event, may an employee take more than six (6) months of catastrophic leave during any twelve (12) month period. To calculate the remaining leave entitlement, the balance shall be any balance of the six (6) months that has not been used during the immediately preceding 12 months.
 - d. Catastrophic leave and leaves of absence without pay shall run concurrently.
 - e. An employee is eligible for catastrophic leave when the employee faces injury, prolonged illness (based on documented medical evidence) or a family member which will result in the employee being absent from work because the employee is a primary caregiver to such family member. Family members include the employee's spouse, parent, child, foster child, step-parent, step-child, foster child or other family member approved by the General Manager.
 - f. Catastrophic leave requests are not accepted, or considered, for pregnancy related leave. Any event during pregnancy or birth that has resulted in a significant medical condition or illness may be considered.
 - g. Any District employee may donate vacation and/or compensatory time to any covered employee who meets the conditions described above. Employees may not donate sick leave, holiday leave, administrative leave, floating holiday, or any other leaves.
 - h. Employees (or their designees) requesting establishment of a catastrophic leave bank must submit a written request to Human Resources. The request must provide sufficient information to enable the General Manager, or designee, to determine whether the reason for the leave qualified as catastrophic. This information will be maintained confidentially to the extent required by law. Catastrophic leave requests for injury/illness must include supporting medical verification form a licensed physician. Leave requests must include the estimated date of return to work.

- i. Human Resources will canvass employees for leave donations and donations are voluntary.
- j. Donations must be made on the District-approved authorization form submitted to Human Resources to be deducted in the order received. All donations are irrevocable. Donations are taxable on the part of the recipient, in accordance with IRS regulations, and are subject to withholding as required by law.
- k. Donations must be a minimum of two (2) hours. The donated hours will be allocated to the requesting employee based on the hourly rate of pay for the donor, converted to the hourly rate of pay for the recipient. For examples, if the recipient has a rate of pay of \$20 per hour and the donor has a rate of pay of \$20 per hour, the donated time shall be hour for hour. However, if the donor has an hourly rate of pay of \$40 per hour the donated time shall be two hours for every hour. And, if the donor has a rate of pay of \$10 per hour, the donated time shall be ½ hour for every hour.
- l. Health insurance coverage and retirement contributions will continue in the same manner as if the recipient employee were on sick leave. The recipient employee will not accrue sick leave or vacation benefits while using catastrophic leave.
- m. Catastrophic leave shall be terminated when one or more of the following occurs:
 - i. The employee has exhausted six (6) months of catastrophic leave during the period defined in II (c) above.
 - ii. The employee has exhausted all of his or her rights under the District's Personnel Guidelines for unpaid medical leaves of absence, whether paid in part or in full from catastrophic leave.
 - iii. Donated leave balance has been exhausted.
 - iv. Death of the ill or injured employee or subject family member.
 - v. The employee returns to full-time, active District employment.

4.11 Educational Training Time

In support of TCSD's overall belief in the continuing education and development of staff, employees may request educational leave for time spent attending classes, training, seminars, or other training specified or approved in advance by the General Manager. The amount of the educational time granted, if any, and whether or not some or all of the time will be paid, will be determined in advance of attendance and at the sole discretion of the General Manager. Employees will be paid their regular wages when required to attend classes or courses for the benefit of TCSD, and/or when needed for the employee's continuing education for required licenses or certification.

Both the state and federal governments have agencies whose purpose is to address unlawful discrimination in the workplace. If an individual who provides services to the District believes he/she has been harmed by unlawful workplace discrimination or harassment, and is not satisfied with the District's response to the problem, he or she may file a written complaint with these agencies. For the State of California, the agency is called the Department of Fair Employment and Housing ("DFEH"). The local address for the DFEH is 1277 East Alluvial Avenue, Suite 101, Fresno, California 93720 (559) 244-4760. 9.4 Standby Vehicle Policy

This document establishes a policy regarding the effective usage of Templeton CSD owned vehicles for standby purposes. Employees assigned to standby may be authorized by their department head to take a District vehicle home when the employee is assigned to duties which may require an emergency first response to a real or present threat to life or property or when an employee is required to have immediate access to specialized vehicles, tools, or equipment when responding to after-hour emergencies. Vehicle assignment will be based primarily on the operational needs of the department.

A District employee must not use the standby vehicle for personal purposes, other than for commuting or *de minimis* use. This document is intended to serve as a written policy required pursuant to Treasury Regulations 1.61-21 (f).

PROCEDURES

Absences

Should an employee with a standby vehicle be unable to perform standby duties, they must return or make arrangements to return the standby vehicle on the next business day.

Carpooling and Standby Vehicles

A standby District vehicle may be used as a carpool vehicle if the employee is a carpool driver at the time of the standby assignment. The District will not incur any additional expense due to the carpooling.

Professional standards of conduct will apply to all occupants of the District vehicle at all times including appropriate use of safety equipment such as seatbelts. Each passenger must have their own seatbelt. It is each rider's responsibility to be on time to work. Therefore, it is each rider's responsibility to arrange for other transportation if the standby employee is called to work and unable to pick up the other carpoolers.

Citations and Violations

Definitions

For the purposes of this policy:

De minimis means a minimal amount of use secondary to the primary vehicle use of benefit to the District. Example: A stop for a brief personal errand on the direct route between work and the employee's home.

Employee means any individual employed by the Templeton CSD.

On-Call duty is defined as that circumstance which requires an employee so assigned to: Be ready to respond immediately to a call for service; be readily available at all hours by telephone or other agreed-upon communication equipment; and refrain from activities which might impair his/her assigned duties upon call.

An employee who is operating a District vehicle is required to pay for moving violations and/or parking citations incurred when on standby for which he/she is responsible.

Other Employment

Standby vehicles shall not be driven to and from other non-District employment.

Public Perception

Use of a District vehicle by an employee is neither a right nor a privilege; rather, it is a trust conferred to facilitate necessary performance of job duties. Use of a District vehicle should always lead to positive perceptions by our citizens. *Employees should be impartial and dedicated to the best interests of the District. They should conduct themselves, both inside and outside the District's service, so as not to cause distrust of their impartiality or of their dedication to the District's best interests.*

Residency Requirement

Employees are not permitted to use a standby vehicle for travel between home and the work site if they reside more than 30 minutes from District facilities.

Safety

District vehicles shall be operated in a safe and courteous manner at all times. Drivers must have an appropriate valid driver's license for the vehicle they are operating. While all employees are on the DMV Pull Notice Program, if driver's license status changes, the employee must notify their supervisor and the General Manager by the close of the next business day. Drivers are required to comply with the laws and ordinances concerning operation of motor vehicles and rules of the road and shall not be operated by an individual using or under the influence of drugs and/or alcohol. Seat belts for drivers and any passenger must be fastened at all times.

It is the employee's responsibility to check to make certain that all vehicle safety equipment is working properly. Any vehicle damage or defect affecting the safe operation of the vehicle must be documented and reported to the employee's supervisor and the Utilities Manager.

Smoking

Smoking and the use of tobacco products are prohibited in District vehicles.

Supplemental Policies

Department Heads may develop supplemental policies on the use of standby vehicles to address issues specific to their operations provided that these policies are:

1. Consistent with the intent and purpose of this policy.
2. Reviewed and approved by the General Manager.

Towing and Transporting Personal Items

District vehicles shall not be used for towing personal items or transporting personal property from one place to another. No alcohol or firearms should be carried in a District vehicle unless specifically authorized in advance for the performance of official District business.

Vehicle Storage and Security

An employee who is assigned a vehicle while on standby, especially those with District equipment stored in them, must take reasonable precautions to secure and safeguard all District property. When possible, employees will provide secure, off-street parking for standby vehicles.

EXAMPLES

The following are examples of standby vehicle use that are likely to be allowed or not allowed under this policy and the IRS definition of de minimis use. (Note: These examples are just that: examples to help guide implementation of this policy.)

Allowed – Considered De Minimis Use

1. Jim makes a brief stop at a grocery store for a non-alcoholic item on the direct route while on the way home from work.
2. Joe stops by the bank and uses the ATM machine on the way to work before his scheduled shift.
3. Lynn lives in Morro Bay, but often stays over at her friend's house in Atascadero.
 - a. While her friend's house is not on the route between work and home, this is allowed if Lynn is using the friend's house as her residence that night.

Not Allowed

1. Mary lives in Atascadero, but decides to take the District vehicle to dinner in Morro Bay. This would not be allowed as the District would be incurring gas and vehicle usage cost, and a negative public perception may be created.
2. Bob drops off his daughter at school on the way to reporting to work. Only, transportation of District employees is allowed.
3. Doug stops at a furniture store on the direct route between home and work to transport a new sofa. While no additional miles are being driven, this could lead to negative public perception when the public views a sofa in the back of a District truck.
4. Betty and Drew are dating. Betty lives in Atascadero and Drew lives in Paso Robles. Betty often goes to dinner at Drew's house in Paso Robles. Betty should not be taking the standby vehicle to Drew's house as the trip to Paso Robles would not be considered a de minimis trip.
5. Greta lives in Paso Robles and uses the standby vehicle to visit her mother in San Luis Obispo. This would not be considered de minimis use as the District would be incurring gas and vehicle usage costs.
6. Shawn makes a brief stop at a winery to pick up his recent wine order. This could be interpreted negatively by the public and Shawn should not be transporting alcohol in his District vehicle.
7. On Kyle's day off he goes to the barber to get his haircut. The barber is on the direct route between home and work. The standby vehicle should not be used for personal errands that are not part of the workday commute.
8. After work one evening, Chris stops by an equipment rental business and rents a tow-behind cement mixer for use at his home. The standby vehicle should not be used to tow non-District owned or rented equipment for personal use.

9.5 Cellular Telephone Usage

Employees may be provided with a business cell phone and/or camera for conducting official business. All uses of cell phones and/or cameras shall be done in conformance with District policies and federal/State law.

Personal cellular telephones may be used by employees during work time hours only for essential personal calls, or for an occasional personal business call. Essential personal calls are defined as calls of minimal duration and frequency that are urgent in nature and cannot be made at another time. Examples of essential personal calls are calls to arrange for care of a child or other family emergency, to alert a family member of an unexpected delay due to a change in work schedule, or to arrange for transportation or service in the event of car trouble, etc.

To the extent possible, personal cellular telephone usage should be confined to rest and lunch breaks, and in locations such that the conversation is not disrupting to other employees or District business.

For safety reasons personal and District-owned cellular telephone usage is not be permitted while employees are engaged in a continuous operation, such as a member on a utility crew engaged in the construction or repair of District facilities.

Employees are expected to operate District vehicles and equipment in a safe and prudent manner. Accordingly, employees may not use cell phones while driving unless the phone is specifically designed and configured to allow hands-free listening and talking. Similarly, employees are not permitted to text while driving.

10.0 Discipline

10.1 Purpose

The purpose of this policy is to communicate to all employees the District's standards of conduct. This Section 10.4 does not apply to probationary or temporary employees.

1. Minor Discipline

In the event the District imposes disciplinary action consisting of a written reprimand or a suspension without pay of five days or fewer, the employee will be given a Notice of the disciplinary action. The Notice shall include: 1) the action taken and its effective date; 2) the specific grounds/particular facts upon which the discipline was taken; 3) the materials upon which the action is based; and 4) a statement informing the employee of his/her right to respond in writing to the discipline by the date specified in the notice. The affected employee may appeal such discipline in the manner set forth below.

- (1) Within ten (10) calendar days of the date an employee received the disciplinary notice, the employee may file a written appeal with the General Manager. The General Manager shall schedule a meeting with the employee to discuss the appeal. Within ten (10) calendar days after that meeting, or such longer period as the General Manager deems necessary, the General Manager shall provide the employee with a written response to the appeal. This response shall be final and binding.
- (2) In the case of a written reprimand, the employee may also, within ten (10) calendar days of the date an employee received the disciplinary notice, submit to the General

Manager a written response to the reprimand, which will be maintained in the employee's personnel file, along with the reprimand.

- (3) If an employee does not in a timely manner file an appeal as set forth herein, the right to appeal shall be considered waived.

2. Major Discipline

When the District is considering taking disciplinary action consisting of a suspension without pay of more than five days, reduction in pay, demotion, or termination (i.e., a "Major Disciplinary Action"), the employee will be given a Notice of the disciplinary action. The Notice shall include: 1) the proposed action taken and the date it is intended to become effective; 2) the specific grounds/particular facts upon which the discipline was taken; 3) the materials upon which the proposed action is based; and 4) a statement informing the employee of his/her right to respond, either orally in writing, to the proposed discipline by the date specified in the notice (and before the effective date of the proposed discipline).

The affected employee may appeal such discipline in the manner set forth below.

Before Effective Date of Discipline

- (1) If the employee does not respond within the time specified in the notice of proposed disciplinary action, the proposed disciplinary action will be considered conclusive and shall take effect as described in the notice.
- (2) If the employee does respond within the time specified in the notice of proposed disciplinary action, the General Manager or his designee will consider the employee's response and all of the information upon which the charge(s) is based. The General Manager shall then issue a determination on the notice of proposed disciplinary action.

The District may, during the time disciplinary action is pending against an employee, place the employee on paid administrative leave.

After Effective Date of Discipline

If the determination sustains or includes Major Disciplinary Action as described above, the employee will be notified of his/her right to appeal such determination in writing by submitting a request for hearing to the General Manager within ten (10) calendar days of the effective date of the determination. If no such appeal is timely filed, the determination of disciplinary action shall stand.

Hearing to Review Major Disciplinary Decisions

- (1) In the event that an employee timely files an appeal and request for hearing, as described above, the General Manager will select an impartial hearing officer/arbitrator who will work with the parties to schedule a date for the hearing.
- (2) The arbitrator will issue a recommendation to the Board of Directors. The arbitrator's recommendation shall be limited to the issue of whether "cause" existed for the discipline imposed. The arbitrator shall have no authority to add to, detract from, alter, amend, or modify any of the District's rules, policies, or procedures.

- (3) Within thirty (30) calendar days after the arbitrator issues his/her recommendation, the Board will review it and issue a determination, accepting, rejecting or modifying the arbitrator's recommendation. The Board's decision shall be final and binding.

11.0 Grievance Procedure

This policy shall apply to all regular full-time and regular part-time employees. Probationary and temporary employees are not covered by this policy.

With the exceptions below, a grievance is defined as a complaint by a regular employee that the District has violated a written policy contained in this Manual. Specifically excluded from the grievance procedure are claims or complaints of alleged discrimination or harassment (Section 10.3), performance evaluations (Section 2.6), and all disciplinary actions (Section 10.3). Specific procedures for concerns regarding those items are addressed in separate sections of these Guidelines.

11.1 Grievance Procedure Steps

Level I, Preliminary Informal Resolution. An employee who believes she/he has a grievance shall present it orally to her/his immediate supervisor within seven (7) calendar days after the employee knew, or reasonably should have known, of the circumstances that form the basis for the grievance. The immediate supervisor will discuss the grievance with the employee and respond to the employee in writing within five (5) calendar days after their discussion. If the grievance is against the employee's supervisor, the grievant may skip Level I and advance to Level II, provided s/he complies with all applicable time limits and other requirements for Level I.

Level II, Designee of General Manager. If the grievance is not resolved at Level I, the grievant may present her/his grievance in writing to the Department Head or Manager within seven (7) calendar days of the date of the Level I response. If the grievance is against the Department Head, the grievant may skip Level II and advance to Level III, but must comply with the time limit and other requirements for Level II.

The Level II grievance shall include the following:

- a. A concise statement of the grievance, including specific reference to the policy allegedly violated;
- b. The circumstances involved;
- c. The decision rendered at Level I;
- d. The dates when: (i) the grievance was first discussed with the immediate supervisor; (ii) the Level I response was issued; and (iii) the employee submitted the grievance to Level II;
- e. The specific remedy sought.

Within ten (10) calendar days of receipt of the employee's Level II grievance, the Department Head or Manager shall meet with the grievant and try to resolve the dispute. He/she shall issue a written response to the grievant within ten (10) calendar days of the meeting with the grievant. If no response is issued

within the time limit, the grievance will be deemed denied at that level and the grievant may appeal to the next level.

Level III, General Manager. In the event the grievance is not resolved at Level II, the grievant may, within seven (7) calendar days of the date of the Level II response, appeal the decision in writing to the General Manager. If the decision being applied was made by the General Manager then the employee may skip Level II and proceed to Level IV. The Level III appeal shall include a copy of the original grievance; a copy of the written Level II decision; and a clear, concise statement of the reasons for the appeal to Level III.

Within ten (10) calendar days from the date of General Manager's receipt of the Level III grievance, the General Manager will issue a written determination to the grievant.

Level IV, Hearing. If the grievance is not resolved at Level III, the grievant may, within seven (7) calendar days of the date of the Level III written response, appeal the decision by submitting to the General Manager a written request for appeal by a designated Hearing Officer. The General Manager will designate a Hearing Officer, who will then schedule and hear the appeal. Both the parties to the appeal and their respective representatives may be present and submit testimony and/or evidence at the hearing before the Hearing Officer. The costs, if any, for the services of the Hearing Officer will be split equally between the grievant and the District, except the grievant will not, in any event, be required to spend more than \$500 on this cost. After the hearing, the Hearing Officer will submit an advisory written recommendation on the matter to the Board of Directors, who will consider the recommendation in closed session. The Board of Directors will then issue a final and binding decision on the appeal.

11.2 Rules

General Rules for Grievances. All employee grievances must follow the steps outlined above. Except as expressly stated in this policy, at no time may an employee bypass a step. At no time may an employee approach the General Manager with a grievance as an initial matter. Time limits set forth above may be extended upon the written consent of both parties. Employees will not be retaliated against for filing or pursuing a grievance in good faith under this procedure.

If an employee does not present the grievance, or does not appeal the decision rendered regarding the grievance, within the time limits specified above, the grievance shall be considered withdrawn.

A copy of all formal grievance decisions shall be placed in a grievance file belonging to TCSD. A copy of the grievance decision will be provided to the grievant.

Each employee is also responsible for providing TCSD with records concerning any licenses or certificates required in the performance of his or her job, as well as any documents showing that education or training relevant to employment has been completed.

12.2 Release of Information

Personnel records are considered confidential. Employees may examine their own personnel records, except for letters of reference, by contacting the General Manager or his or her designee. Employees may authorize the release of their own personnel records by executing a written request identifying the records to be released and the person or entity to which they may be released.

Ordinarily, no information on past or present employees shall be provided by TCSD, other than employment dates and job title, unless such requests for information are accompanied by a signed authorization by the employee to release the information requested.

13.0 Separation from Employment

13.1 Disciplinary Termination

Employees who are terminated for disciplinary reasons are not eligible for rehire.

13.2 Layoff Policy and Procedure:

Seniority is determined based upon date of hire in the department. Within each class, and subject to business needs, employees will generally be laid off in the following order: temporary, part-time, probationary, and regular.

In cases where there are two or more employees in the classification in the department from which the layoff is to be made who have the same seniority date, such employees will be laid off on the basis of the last evaluation rating in the class, providing such rating has been on file at least 30 days and no more than 12 months prior to lay off, as follows:
